

Agenda

- Proton ID Certification document:
 - Draft is ready:
 - It will be released after getting the approval of the godparent
- Tasks: how to improve our performance?
 - Work load share
 - Follow up of the tasks milestones
 - Update of the progress chart
 - Proposal
- Next deadlines

- Proposal
 - 5 to 10 minutes reports each PID meeting:
 - In Brazil:
 - **Gilvan:** Eduardo Gregores, Andre Sznajder, Mario Vaz, Marcia Begali, Maria Elena Pol, Mundim, Guilherme Lima
 - Gilvan reports the Brazilian meeting
 - At Fermilab
 - **Sergio:** Carlos Avila, Jorge Barreto, Jorge Molina, Christophe Royon, Michael Strang
 - Suggestions are welcome!

- May 10: Certified Forward Particle ID object
Continue standalone data taking
- May 20: Monte Carlo samples for analysis ready
Integration with DØ (Sdaq)
- Jun 8: Complete data taking and processing
- Jul 1: Elastic + Diffractive dN/dt and ξ -distribution
approved for ICHEP
- Jul 12: Talk approved by PID + QCD
- Jul 24: Elastic results shown at ICHEP
- Jul 30: FPD data integrated into DØ DAQ
- Aug 30: FPD_RECO integrated into DØreco
- Sep 30: PID software test release certified for P13
- Oct 28: P13 certified for running on farms
- Nov 1: FPD data processed with P13
- Dec 18: First Diffractive + jets data analysis shown at QCD
